

Deliver exceptional customer service with **On My Way!**

Let your customers know that you are en route to their site with the Appify On My Way! functionality.

With just a tap on their Appify App, your team can send a text or an email to the customer letting them know what time they're likely to arrive. Customers can then click the link and watch on a map as your team travels to the job.

- ▶ **Deliver a delightful 'last mile' experience.**
- ▶ **Eliminate the frustration of back-and-forth calls and emails.**
- ▶ **Make it easy for customers to be prepared for your arrival.**

A Doordash-like experience for COVID testing

During the pandemic, TataMD wanted to deliver a Doordash-like experience for COVID testing to consumers in India. With the Appify No-Code App Platform, Collection Agents shared the progress of their trip from the lab to the consumers doorstep, making it easy for consumers to prepare, put on masks, and anticipate the arrival of the Agent.

Let customers know you're "On My Way!"

On My Way! Is available in Appify Studio and can be included with any app you create.

It can also be included with any of our pre-built Appify Apps

Request a demo at
